American Electric Power
Hanna Houston

AEP RFI recipients,

We're pleased to respond to the AEP RFI for PQ software. Our full response is available here: https://powermonitors.com/aep_rfi_response/. This link provides access to the following files that make up our response:

Base RFI documents:

PMI_RFI_Letter_of_transmittal.pdf: this letter
PQ Data Concentrator RFI Questionnaire.xlsx – PMI response to the AEP RFI questions
AEP RFI Questions.pdf – PMI extended answers to AEP RFI questions
pmi_form_a_fees.xlsx – PMI RFI pricing
Form B – References.xlsx – utility PMI references sheet
2025 Survey Report.pdf – PMI customer survey results

PQ Canvass information:

pq_manual.pdf – PQ Canvass user's manual
pq_quickstart_guide.pdf – PQ Canvass Quick Start Guide
pq_z_card.pdf – PQ Canvass spec sheet
qualys_scan.pdf – security scan results
using_pq_canvass.pdf – white paper on using PQ Canvass
pq_cyber_security.pdf – white paper on PQ Canvass security

Merlin information:

merlin_brochure.pdf – Quick-start guide for Merlin, the optional AI-based PQ analysis package that works inside PQ Canvass
zcard-merlin.pdf – Merlin spec sheet
meet_merlin.pdf – White paper introduction to Merlin

Networking information:

ipsec_vpn.pdf – White paper on connecting utility networks to PQ Canvass

AEP is already using PQ Canvass with their PQ equipment. A free demo of Merlin, the optional AI PQ analysis package in PQ Canvass, is also available here:

<https://pqcanvass.powermonitors.com/demo/>

Please let me know if more information or details are needed. I would also encourage having an on-site presentation, where I could present in person.

Sincerely,

Chris Mullins
President
